FROM THE PRINCIPAL

Dear Parents and Community Members,

This year, the state report card offers a partial picture of how Cedar Ridge Middle School performed as a school in the 2015-16 year.
Cedar Ridge students are realizing academic growth; however, our work is not done. We are continuing to provide focused efforts in the areas of math and reading achievement. These areas will be addressed through new Mathematics curriculum and materials, increased interventions in reading and math, and by focusing our professional development and resources on the implementation of the state standards. In addition, we are working towards increased academic readiness, school culture, and enrichment through a daily school-wide Advisory program.
The faculty and staff at Cedar Ridge Middle School will continue to work diligently to prepare each student to be successful, not only in school, but in the world beyond school. We strive to develop students who can think critically, solve problems, and learn independently. We encourage you to partner with us in this effort by monitoring your student's attendance and academic performance, volunteering, and attending school functions.

Thank you,

Principal | Nicole Johnston

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? ☐ Yes ☒ No, Interpret Results with Caution

Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
