

OREGON TRAIL SCHOOL DISTRICT
SCHOOL CLOSURE AND SNOW ROUTE INFORMATION

In the event that one or all schools in the District experience conditions that requiring closure of schools or modified bus route, public information will be released through FlashAlert to area broadcasting stations (TV & Radio), and posted on the District website (oregontrailsschools.com), Facebook and Twitter.

Emergency closure is usually the result of snow, wind or icing conditions. However, other types of emergency closures may result due to natural disaster or mechanical failure. If the school is operating on “snow routes only” and your road is listed below, plan to catch your bus at the alternative bus stop as listed. **This also applies to the small mini buses.** If your bus stop is on a steep part of a road that is traveled on snow routes, plan to catch the bus where it can safely stop and start up again. **If snow routes are run in the morning, they will also be run in the afternoon regardless of weather conditions.**

Boundary Area	Route	Bus Route Road	Alternative Stops
FIRWOOD	20/23	Warriner Rd	Intersection Bull Run & Warriner Rd
	20/23	Connett Rd	Intersection Bull Run & Connett Rd
	20/23	Phelps Rd	Intersection Bull Run & Phelps Rd
