Cedar Ridge Middle School (CRMS) Variance Survey

For students residing outside of CRMS boundaries and within Oregon Trail School District boundaries.

Surveys must be received in the resident school office by April 27, 2018

Oregon Trail School District has received inquiries from parents about the possibility of in-district variances to Cedar Ridge Middle School, either because of the school's close proximity to the residence or other interests. This survey is meant to gauge interest and help the district determine whether the school has the capacity to accept the desired variances.
