

FROM THE PRINCIPAL

Dear Parents and Community Members,

We are happy to report that Kelso continues to perform at a high academic level. We are proud of the work we are doing with our students and families, and are striving to improve by focusing on supports for students not performing at grade level and by continuing to challenge students that are performing at or above grade-level. We will do so by providing effective and strategic interventions and by improving our classroom instruction particularly in areas of math and reading; by providing ongoing support and training for teachers in these areas; and by using assessment to drive and tailor instruction to meet the needs of our students. In addition, we strive to create a safe and happy environment for students to learn and

explore, where we create high expectations for behavior and citizenship and foster a love of learning in our students. To support your student at home please read to them daily, provide them a quiet area to do their homework, and communicate regularly with the school regarding their academic progress. Most importantly, please ensure your student attends school regularly. We are looking forward to another excellent year at Kelso, and are sure we can continue to surpass our academic progress.

Thank you,

Principal | Katie Schweitzer

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
